

## Attachment 1

### BLASTING PROTOCOL

Received 5/3/01  
Heber City  
City/Co. Bldg.  
M/051/001

- 1) A siren located near the trailer will warn the public of pending blast.
  - A) 20 minutes prior to blasting we will sound siren 2 times for 3-5 seconds with 3-5 second intervals between each warning.
  - B) 10 minutes prior to blasting we will sound siren 3 time for 3-5 seconds 5 second intervals.
  - C) Immediately prior to blasting we will sound siren for 30 seconds, with the blast occurring at the end of the signal. *15 sec (suggested) at mtg.*
  - D) Sound the all clear by sounding the siren 10 times for 1 second, when we have checked the area and it is safe.
- 2) Blasting will only be done between the hours of 10:00 am to 2:00 pm.
- 3) No blasting will be done on weekends or major holidays.
- 4) Blasting will be done by a certified blaster.
- 6) Blasting protocol will be posted on 2'x 3' sign with 1" lettering, at the main entrance.

\* A 200-decibel siren (12 volt portable unit) was brought to the meeting. It is the same unit as used in fire engines and other emergency vehicles.
